The Roston Post savs: In our money market

The Boston Post says: In our money market The Boston Post says: In our money market bereis more ease, and prices of sound stocks are well supported. Bank stocks are regarded with more favor, and rail-mads continue to absorb idle capital, as a safe and lucrative avestment. Our Legislature is busily engaged in reducing lank capitals, and to supply the deliciency of revenue thus reated, a State tax is hinted at, but will not be passed. The oplications for new railroads are also numerous, and the daims in many cases conflicting. The appeal by the Westmagainst the Worcester has been got rid of by a reference which is to settle for one year what rates shall be paid, and whether the \$158,000 paid in 1843 shall be exacted in 1844. The menditure in many items has been too lavish on the Woropenditure in many items has been too lavish on the Wor-cetter road, as the depots at Brighton and New Corner fully caterroad, as the depots at Brighton and New Corner fully prove; and the retrenchments of last year should have been applied more severely on the large salaries. DISTRESSING ACCIDENT .- At Harrisburg, on Fri day afternoon, about 4 o'clock, two little sons of Mr. Wm. Umberger, innkeeper; one named William and the other Jacob, aged 7 and 9 years, were drowned in the Susquehanna just below the railroad bridge. dies had not been discovered at the last accounts. TAKE CARE OF YOUR GUNS!-A singular accident occurred a day or two since in Medford. Messra. A. B Sands & Co.:

Gent: The present will inform you of the good effect of your Sarsaparilla in the case of a little girl in my family, about II years old, and who has for the last six years been troubled with a scrofulous disease, and what some called a scald head or salt rheum, which extended over the whole surface of her head, attended with a continual discharge of a thick matter from the whole surface, rendering it necessary to keep her hair continually shaved for the whole time.

About six months since she commenced using your Sarsaparilla, soon after which her head began to get better, and has continued healing until nearly the whole surface is cured. Her Messrs. A. B SANDS & Co. continued healing until nearly the whole surface is cured. Her general health continues good, and no unpleasant symptoms have resulted. : Mrs. FANNY WISE. nave resulted.:

Sore: Throat, Coughs, Consumption, pains in various parts of the body, and other unpleasant symptoms, are the usual effects of a cold.

Wright's Indian Vegetable Pills are a certain cure for all disorders of the throat; because they carry off by the stomach and bowels those poisonous humors which, in consequence of obstructed perspiration, are thrown inwardly, and are the cause of the above dangerous complaints.

From three to six of said Pills, taken every night on going from three to six and this, taken every higher to bed, will in a short time, make a most perfect cure of the most obstinate attack of sore throat; at the same time the digestion will be improved, and the blood so completely purified, that new life and vigor will be given to the whole frame.

Opinion of Mr. B. Ellis, a Trustee in the; Public Schools in New York.

Miss Oram has submitted to my inspection the outlines of a plan of a series of School Books.

"I have formed a very favorable opinion of the contemplated work. Considerable improvements have been made of late in the books commonly used, but much remains to be done.

"Much precious time is thrown away in prosing over dull, dry and uninteresting lessons, often very farabove the comprehension of children, and which cannot retain any place in the GOLD SIGNET RING—Found a valuable gold of Signet Ring, which the owner can have by calling at 23 Chamber, corner of Centre street, office of the New-York Poudrette Company. This Ring, a gold and silver watch, gold pencil case, a die for coining Spanish Dollars, and numerous other articles, quite too numerous to mention, have been found by this Company, which would have gone into the rivers, by the usual mode of removal; and there can be no doubt of the advantage, encomony and convenience to those who wish to remove the contents of sinks to employ the Poudrette Company, 23 Chamber st.

Doctor Milnor's opinion'

"I have examined a specimen number of a work entitled the Child, Christian Spelling Book, designed to consist of a series of instructive Soriptaral lessons. Each lesson is to be ornamented with an impressive picture presenting to the eye of the pupil the most interesting circumstances or event contained in the narrative that constitutes the lesson. For infant minds this has always been found an appendage calculated to interest the mind, and make a deep impression as well of the facts as of the illustration and practical improvement of the lesson. The clear and beautiful type employed in the printing of this work; the marked division of the words into syllables; the Spelling table consisting of the words of the lessons—divided into monosyllables, disaylables, &c—the questions and answers giving explananions of the lesson, and the moral and religious instruction to be derived from it are features which in my view give the work a high value.

"Besides the facility afforded in teaching a child to read by the connection of the Spelling Tables with the lesson, it is no WANTED IMMEDIATELY—A few good Shirt makers, at 84 Pearl-street, 2d story. f7 2tis* WANTED-A Woman te cook wash and iron V in a private family.
